

# I'm A Girl

## Nashville Cast

I can rock a Target tank top  
Gucci sunglasses  
Cheap flip flops  
And still look like a million bucks to you  
You know it's true

Throw my hair up and be ready to go  
Spend all night tryin' on clothes  
I can make us late  
And blame it all on you

I'm the queen of my own planet  
And you wouldn't understand it

Cause I'm a girl, Oh yeah  
I can get a free drink for flippin' my hair  
Or Stay home  
With a bottle of wine and you

I'm a girl, I got skills  
I can dance all night in five inch heels  
And make you feel like the luckiest boy in the world  
Cause I'm a girl  
Cause I'm a girl

I can turn the tears on at the drop of a hat  
When I get pulled over for goin' too fast  
Drive away with a warnin' and his phone number too

I'm an expert at chocolate and Chinese food  
And that time of the month, I feel sorry for you  
I'm a pain, it's a shame  
Ain't a thing that you can do

'Cause I'm moody, attitudey  
And you can't say nothin' to me

Cause I'm a girl, Oh yeah  
I can get a free drink for flipping my hair  
Or Stay home  
With a bottle of wine and you

I'm a girl, I got skills  
I can dance all night in five inch heels  
And make you feel like the luckiest boy in the world  
Cause I'm a girl  
Cause I'm a girl

I'm a shoe-sale shoppin', chick flick watchin',  
Jesus lovin', Oprah huggin'  
Strong and independent, don't forget intelligent  
I like my men real tall  
[Speaking:] Well, I kinda like 'em all

Cause I'm a girl, Oh yeah  
I can get a free drink for flipping my hair  
Or Stay home

With a bottle of wine and you

I'm a girl, I got skills

I can dance all night in five inch heels

And make you feel like the luckiest boy in the world

Cause I'm a girl
