

In The End

Nashville Cast

One day I'll leave for the bright lights
One day I'll soar high above
One day I'll know what it feels like
To hold on to someone I love

Someday I'll follow my true heart
Someday I'll bury my fears
'Cause I've spent too long
Broken and lost
Looking for miracles here

And I'm gonna find home
I'm gonna find home
It gets closer with every step
And I'm gonna find home
I'm gonna find home
'Cause it's not where I've been
It's only where I end up in the end
In the end

Yeah I'm gonna find home
I'm gonna find home
It gets closer with every step
Yeah I'm gonna find home
I'm gonna find home
'Cause it's not where I've been
It's only where I end up in the end
In the end
I'm gonna find home...
