

## Let Love In

Nashville Cast

When I was a young girl I heard the old folks say  
You can't love just anyone, lock your heart away  
So I learned to keep my heart way up on the shelf  
Now I know you can't love anyone until you love yourself

Let love in, let love in  
Let it take you to a place where you've never been  
Let love in, let love in  
You know you might never get this chance again

Now I am an older girl and wiser I believe  
I don't lock my heart away, I wear in on the sleeve  
When you're brave and true in love, you gotta learn to say good  
bye  
You can't live in memory, gotta spread your wings and fly

Let love go, let love go  
Let it light a path through truth, through the unknown  
Let love go, let love go  
Set it free so it can find its way back home

Now I know who I wanna be, now I know that my heart  
Now I know holdin' on too tight is tearing me apart  
Letting go of yesterday, letting in the light  
Searching for a brand new way and everything's alright

Let love in, let love in

Let love in, let love in  
Let it take you to a place where you've never been  
Let love go, let love go  
Set it free so it can find its way back home
