

## Longer

Nashville Cast

Alone, I'm home, I'm home in my head.  
But now that it's gone I've grown,  
So I'll want this instead.

Longer...  
Could you stay a little longer?  
Longer...  
Longer.

I've forgot about this room  
and the view way above  
The things I fear it towers.  
And this new feeling you again  
makes me open up just like a flower.

Longer...  
Could you stay a little longer?  
Longer...  
Longer.

Cause I want to give you more boy.  
Nothing in return.  
Oh I did wait for you, darling...  
Did ache for you darling.  
and now you're here, I want you dear to stay.

Longer...  
Could you stay a little longer?  
Longer...  
Longer.  
And then...  
Longer  
Longer.
