Closer To The End

Nasum

He'll point out a place where it will happen A spot that people will visit and fear He'll take you there on a rainy day And give you he final decision

Never made it further than this Never tried or had the chance Feels like being cut in a thousand pieces Now he's getting closer to his final destiny

Closer to the end Closer to the end

His last hour is finally here He'll see you on the other side He'll be waiting for you there
