Slaves To The Grind

Pulling the weight On our shoulders Finding the strength The lost will power

Turning the wheel Panting for new air Accepting the deal Staying strong for the slaves

Slaves to the grind

Pushing forward inch by inch A slow and painful process Harder and harder, even faster A great and wonderful progress

We're pulling the weight We're turning the wheel We're slaves to the grind

We're finding the strength We're accepting the deal We're slaves to the grind Nasum
