

# You've Got The Indian Sign On Me

Nat King Cole

Kiss, you say and I kiss you  
Go, I go but I miss you  
You've got the Indian sign on me  
The Indian sign on me

Smile, and boy, I'm in stiches  
Frown, I'm down in the ditches  
My friends and relatives all agree  
You've got the Indian, Wild West Indian  
The Indian sign on me

I bluff and bluster, blow and bleat  
To prove each move is mine  
But I'm like Custer, I can't beat  
That old Indian sign

Wink, I babble and bubble  
Call, I'm there on the double  
You've got me dreaming you'll take my name  
And live in the same teepee  
With two little Indians, three little Indians  
Four little Indians, gee!  
You've got the Indian sign on me

You've got me dreaming you'll take my name  
And live in the same teepee  
With two little Indians, three little Indians  
Four little Indians, gee!  
You've got the Indian sign on me
