Nat Stuckey

I got wine in the cellar and a party upstairs and here it is Fr iday night I'm gonna shine up my shoes and slick down my hair and yet just to reap it tight I got a lotta on my mind they gotta get off and I'm gonna do it right With the wine in the cellar and a party upstairs and here it is Friday night It's been a long week I'm glad it's gone week cause everything I did was wrong It's been a long week a doggone hard week And I'm so glad the weekend's come along Cause I got wine in the cellar...

It's been a long week...
I'm gonna shine up my shoes and slick down my hair and yet just
to reap it tight
