

# Let Me Show You (The Way)

Natasha Thomas

Let me show you the way  
It's a game that we play  
Oh everyday so easy  
Let me show you the way  
Oh just say what you say  
So easily

The way of your touch is always heavenly  
And I love the way that you are lovin' me  
You wrapped me up in the colour of your love  
You must be an angel high from above in the game of the heart  
You know I know that you are mine

Let me show you the way  
It's a game that we play  
Oh everyday so easy  
Let me show you the way  
Oh just say what you say  
So easily

Are you gonna be there when I need someone  
And will I be always just the only one  
I don't wanna have just another heartbreak  
So tell me is your love true or a fake in the game of the heart  
You know I know that you are mine

Let me show you the way  
It's a game that we play  
Oh everyday so easy  
Let me show you the way  
Oh just say what you say  
So easily

One kiss  
One love  
One word  
One vow with nothin' more  
One life  
One dream  
Gonna save it save it for me

Let me show you the way  
It's a game that we play  
Oh everyday so easy  
Let me show you the way  
Oh just say what you say  
So easily

(Show you the way)  
Show you the way  
Game that we play  
Everyday so easy  
Let me show you the way  
Oh just say what you say  
So easily
