

# Save Your Kisses For Me

Natasha Thomas

Save your kisses for me  
show me how you miss me  
all so easily  
my lovin  
save your kisses for me  
cos I don't wanna be  
A summer love thing

The way of your touch is always heavenly  
and I love the way that you're loving me  
You wrapped me up in the color of your love  
you must be an angel high from above

How can I be sure that you won't go and what will be

Save your kisses for me  
show me how you miss me  
all so easily  
my lovin  
save your kisses for me  
cos I don't wanna be  
A summer love thing

Are you gonna be there when I need someone  
and will I be always just the only one  
I don't wanna have just another heartbreak  
So tell me is your love true or a fake

How can I be sure that you won't go and what will be

Save your kisses for me  
show me how you miss me  
all so easily  
my lovin  
save your kisses for me  
cos I don't wanna be  
A summer love thing

One kiss, one love, one word  
one vow and nothing more  
One night, one dream, gonna save it save it for me

Save your kisses for me  
show me how you miss me  
all so easily  
my lovin  
save your kisses for me  
cos I don't wanna be  
A summer love thing
