

## 3 Miles

Natural

Amy went to hollywood searching for  
a better life  
she wanted to be a movie star  
Andy went to Broadway searching for a  
part to play  
He didn't make it very far

Cause loves intoxication kept them  
hangin' on  
for one more chance before it's gone  
cause getting to you is like

[chorus]  
3 Miles in the wrong direction  
trying to talk with a bad connection and  
why's it take the long road to get  
to you  
the wrong train from the wrong station  
only adds to my frustration and  
why's it take the long road to get to you  
(...to get to you)

Amy stayed in Hollywood she lived the  
dream she knew she would  
never looking back  
Andy never got the part all he got was  
a broken heart  
when he tried to get to her

cause loves intoxication kept him  
hangin' on  
for one more chance but now she's  
gone  
cause getting to her is like

[chorus]  
3 Miles in the wrong direction  
trying to talk with a bad connection and  
why's it take the long road to get  
to you  
the wrong train from the wrong station  
only adds to my frustration and  
why's it take the long road to get to you  
(... to get to you)

So here's what i'm trying to say  
love can find its way  
yeah, but it needs a little help  
if there's a lesson learned  
play with fire and you'll get burned  
Yeah, never walk away  
when love is on the way  
can you hear them say

[chorus 2x]  
3 Miles in the wrong direction  
trying to talk with a bad connection and

why's it take the long road to get  
to you  
the wrong train from the wrong station  
only adds to my frustration and  
why's it take the long road to get to you  
(... to get to you)

3 Miles in the wrong direciton  
trying to talk with a bad connection  
3 Miles in the wrong direction  
3 Miles in the wrong direction  
only adds to my frustration  
3 Miles in the wrong direction  
to get to you

3 Miles in the wrong direction...
