

# One Day Too Late

Natural

I saw you standing in the dark  
Moonlight in your hair  
make a wish upon a star, go ahead if  
you dare

Baby... it could be yours tonight  
all you want and all you need  
is right before your very eyes tonight...

It's up to you, it's up to you, won't you  
decide...  
it's up to you, it's up to you, open  
your eyes...

Do you wanna dance - will you ever take  
a chance  
if you wanna fly - all you gotta do is try  
have you ever loved - felt you couldn't  
get enough  
Must you contemplate - One more day is  
one too late  
all you need is time - can't you see that  
it's a crime  
Life is what you make - Baby won't you  
tell me  
how long will you wait - one day too  
late

Like Water Pouring through your hand  
each second slips away  
and if tomorrow never comes, all we  
have is today

Baby... Time is yours to keep  
someday you'll wake up to find that  
your life is such a parody believe

It's up to you, it's up to you, you can  
be free  
It's up to you, it's up to you, if you believe

Do you wanna dance - will you ever take  
a chance  
if you wanna fly - all you gotta do is try  
have you ever loved - felt you couldn't  
get enough  
Must you contemplate - One more day is  
one too late  
all you need is time - can't you see that  
it's a crime  
Life is what you make - Baby won't you  
tell me  
how long will you wait - one day too  
late

Dreams are the wings on which we fly  
let them carry you so high, my butterfly

open the door and break away  
cause life's too short, too short to wait  
One Day too late, one day too late  
One more day is one too late

Do you wanna dance - will you ever take  
a chance  
if you wanna fly - all you gotta do is try  
have you ever loved - felt you couldn't  
get enough  
Must you contemplate - One more day is  
one too late  
all you need is time - can't you see that  
it's a crime  
Life is what you make - Baby won't you  
tell me  
how long will you wait - one day too  
late
