# Shot Me Down

**Nazareth**

```
I was feelin' good, kinda high and cruisin'
I was tryin' to forget someone I had been losin'
Then you came along, surprise, surprise
You shot me down
I was lyin' crashed out on the ground
You shot me down

I was feelin' fine, mellowed out and easy
I was comin' back down kinda slow and lazy
Then you came along and fired the flame
You shot me down
I was lyin' burned out on the ground
You shot me down, you shot me down
You shot me down

I was feelin' good, kinda high and cruisin'
I was tryin' to forget someone I had been losin'
Then you came along, surprise, surprise
You shot me down
I was lyin' crashed out on the ground
You shot me down, you shot me down
You shot me down.
