Have you ever met somebody that's always down to ride
Have you ever rocked a party, till early in the morning light
Then you know it's time to ride, with my boys from the AZ side
It's an Invasion; It's an Invasion
Have you ever met somebody, that's always down to ride
Have you ever rocked a party, till early in the morning light
Then you know it's time to ride, with my boys from the AZ side
It's an Invasion; It's an Invasion
