Open your eyes
□□□ □ Open your eyes
Open your eyes
Open your eyes (□□□ □□□ □ I, I)

In this cold world, I'm closing my eyes
Laying down in bed, covering my ears
Yesterday is today, today is yesterday
I'm only filled with late self-guilt
We'll take it slow
Baby, baby we'll take it slow

In the same dream I hear a familiar
Song that calls to me, it connects us

It wraps around me, hate is on me
Each day repeats but it's okay
I'm walking on top of a deep darkness
Look at what is real, that's hidden over there

Open your eyes, quietly open your eyes
(Quietly open your eyes)
Open your eyes, now open your eyes
(Now open your eyes)
Open your eyes, quietly open your eyes
(Quietly open your eyes)

Open your eyes, now open your eyes
Yeah, yeah..

Hatred that will not go away and dreams that torture me
(Dreams)
The clock laughs at me, it does not give a single error
(Oh yeah)
I'm a mess, I don't even know myself,
My future is colored darkly
I'm struggling, coloring this night even blacker,
Oh yeah

In this cold world, I'm closing my eyes
Laying down in bed, covering my ears
Yesterday is today, today is yesterday
I'm only filled with late self-guilt

We'll take it slow
(We'll take it slow, take it slow)
Baby, baby we'll take it slow

In the same dream I hear a familiar
Song that calls to me (You do)
It connects us (You want)

Uh I'm still going somewhere
To an unknown place, to an unknown hall
I'm spending most of my time
In a place that's uncomfortable even
After several nights, like an explorer
Uh, and that's a long ass ride
Mindlessly going around until I close my eyes
I'm doubting this moment, between dreams and reality
I have something else to check,
Just like you right now, uh

Open your eyes, quietly open your eyes
(Quietly open your eyes)
Open your eyes, now open your eyes
(Open your eyes)
Open your eyes, quietly open your eyes
(Quietly open your eyes)
Open your eyes, now open your eyes

Inside the irregularity that's hard to understand (Inside)
There's a story that's deeply hidden (Hidden)
Eyes are being opened through this song
Your dreams are being read (Dreams)
I've been awakened from a deep sleep (Awakened)
My seventh sense

Oh, this night came to me
A different dream is getting closer
Now I understand, as if everything is mine

Open your eyes
Look at what's real, open your eyes
Open your eyes
Open your eyes (I'm not alone I, I)
