Armamentarium

Neaera

Fit out for the dangers of our century It's not the time to disarm Arm against social decay Anonymity, decadence, neglect

Armamentarium

Get armed against the poison

Armamentarium

The antidote is almost under way

Get armed against social cutback
Unemployment, divide
Arm against social terror
It creeps through the veil of democracy

Get armed against withdrawal Only offence will survive

Beware of depression Your soul shall be a palace Get armed against yourself The roots are always within
