

# Mutiny of Untamed Minds

Neaera

I am the breeder of my fear  
Apathy is my tender liar  
Immerged in leeches pond  
Cowardice the disgraceful vice

Paralyzed by barking jaws  
Hurricanes become a whisper  
Claws of the powerful  
Enchain angry raised fists

Widower of my delusion  
With disobedient flesh  
I refuse to gorge  
The bowels of decay

Afraid to bow down again

In the dungeon of submission  
They flagellate rebellious hearts  
Close mutiny of untamed minds  
Where boldness will be first mate
