

Fuck You to the Track

Necro

I wanna fuck you to death
And from the womb to the tomb
Spray some perfume on your cocoon
Douche it, I'm on some masseuse shit
Lay on the table nude, as I rub lube into your boob
You're used to being prude, till I whip out the ice cubes
Like your smoking nice doobs, when I'm petting your muff
You'll never say you ain't gettin' enough
I'm being pampered by two sluts with tits
That haven't been tampered with, runnin' my tounge rampant
All over nipples your panties have been dampened
Start massaging my bone
I'm in your erogenous zone
If you do me I'll promise you'll moan
Welcome to my healthy festival
Swallow my delectable testicles like vegetables
If you're a hooker to feed your kids, you get no sorrow
Suck my dick like theres no tomorrow *haha*
Go girl, ease the tip
With your big Lisa Lisa lips as I lick your clit
You sound like a kitten purrin'
You want some milk I have to substitute it with my urine *meow*
I'd love, massage your tight pussy over my shaft like a glove *like that*
Throw your head back as I fuck you to this track
Blast izm, fucking you to this rhythm
Honey we could get down with some Sado-Masochism

Throw your head back as I fuck you to this track
Throw your head back as I fuck you to the track
Throw your head back as I fuck you to this track
Throw your head back as I fuck you to the track

Your tits are mad thick, I'm romantic
Show me your breasts and blow me to death
Your bra's colorful, plus you're gullible
So I'll undo your bra strap with my mouth
As you smile I'm licking your back, frigging your snatch wild
I'm a mad child, you're fragile, at the same time
So freaky and agile, you be doing some 'nastics
When you getting your ass licked
Bending your body like it's plastic
My next flick, you'll be casted
Give me them sexy glances, private dances
Dirty questions and nasty answers
Pull up your skirt, pull aside your panties
Flash me the candy, before I start fucking you beauty *yeah*
Let me suck in your beauty *ohh*
I'll taint any saint
Necro's written all over your breast with body paint
Don't got a little cock
Got something big for all of them bimbos in Little Rock
Put your ass on my face bitch, your pussy's vivacious
I'm fucking like three geishas, and my Peter
North Pole is ready to squirt a fantasia or lickstabation
Your firm tits, I wanna lick and bite to death
Tongue fuck your belly button and then spread your lips right to left
Grab my organ and give me a treatment fit for a king

Lick my testicles I'll fuck you like an extra-terrestrial
Cause I last forever, while the average human body
Can't handle that much pleasure
A five minute treat with me will surpass 95 percent
Of all the times you were bent
Over recieving the cock rock like cement
Murder the pussy, it's homicide, once you guide my cock inside
I'll use my dick to smack up some dimes
Like I need equipment to back up my rhymes
If you're timid, I shall uninhibit
By stretching your tight pussy to the limit
It's my porno exhibit, with Demi Whore give me a strip tease
We'll go fuckin' like its the late sixties, my member belongs in Ripley's
Believe it or Not, cause it'll slice up a beaver like a cleaver or mop?
Or a shot of scum in your twat of any diva thats hot
Get undressed

Throw your head back as I fuck you to the track
Throw your head back as I fuck you to the track
Throw your head back as I fuck you to the track
Throw your head back slut
