

## Angels Won't Lie

Negative

Another wasted moment  
Realising we're not real  
Can you hear the angels calling  
When night is young and silence comes?  
You touch my face  
And I break down

Dreaming on  
Tonight we are safe and free  
Under the wings in the safest place  
I close my eyes for a while  
And you are there  
We fly behind the stars  
Where the distance ends

Tonight  
I'm sleeping with eyes wide open  
You're my eyes when I am not there  
These everlasting angels calling  
It can't be real  
This must be a dream  
You touch my face  
You set me free

When night is young and silence comes  
You touch my face  
And I break down  
This can't be real  
This must be a dream  
You touch my face  
You set me free

Dreaming on  
Tonight we are safe and free  
Under the wings in the safest place  
I close my eyes for a while  
And you are there  
We fly behind the stars  
Where the distance ends
