

Mold

Nekrogoblikon

Mold!
Mold!
Mold!
Mold!
Mold!
Mold!
Mold!

Well I was sittin' around
I started thinking about
The way my life has gone down
It made me so upset!
But there was something waiting
Eating at my sense of nothing!

Well I become a participant
Never been innocent!
But the stench was so on point
I tried to justify the darkness
Only to become its likeness!

(Mold, moley mold mold!)
(Mold, moley mold mold!)
(Mold, moley mold mold!)

When you believe you've lost all hope
When you believe there's nothing left
Then make way for the mold!
It clings to you and me!
It's there for all to see!
We chose to let it grow!

Moving on
It shows to me I'm strong inside
What they usually all realize:
Not like everyone!
But I have paid so many dues
I'm moving on with or without you!

(Mold!)
(Mold!)
(Mold!)
(Mold!)
(Mold!)

Ever since you failed me
I'm in love with mold!
I'm in love with mold!

(Mold, moley mold mold!)
(Mold, moley mold mold!)
(Mold, moley mold mold!)

When you believe you've lost all hope
When you believe there's nothing left
Then make way for the mold!
It clings to you and me!

It's there for all to see!
We chose to let it grow!

Mold!
Mold!
Mold!
Mold!
Mold!
Mold!
Mold!

Mold!
Mold!
Mold!
Mold!
Mold!
Mold!
Mold!

(Mold, moley mold mold!)
(Mold, moley mold mold!)
(Mold, moley mold mold!)

When you believe you've lost all hope
When you believe there's nothing left
Then make way for the mold!
It clings to you and me!
It's there for all to see!
We chose to let it grow!

When you believe you've lost all hope
When you believe there's nothing left
Then make way for the mold!
It clings to you and me!
It's there for all to see!
We chose to let it grow!
