

Snax & Violence

Nekrogoblikon

that was not a good call
we feel like balls
we took it too far
tell me where we are
what do we do now?
I thought we had it
figured out, but we don't
we could do yoga
we could try sports
let's just eat snax
(so we don't have to snort)
snax are the best!
what a broad selection!
name your confection!
this is nothing short of perfection
-hold the phone!
we forgot about the violence...
nothing goes better with snax
than a little bit of
good ol' fashioned bloodshed
so here's what you do:
combine the two you
can save some face,
and eat it too
designer snax- they're so far out
colorful snax- well they just stand out
credible snax- but can you trust them?
violent snax, yes- these are just the ones!
stripping flesh from bone
(you're awake, but can't scream with no tongue)
you'll never make it home
(meat falls off the bone)
now that they've realized
the power lies in snax
they won't be stopped
again they've got the answer now
snax snax snax snax
& violence
one among them sows the doubt
ain't it great, wow
(why)
why am i me?
everything is so unfair!
why does god hate only me?!
ooh! active snax- get off your ass
ah! delicate snax- try to watch the grass
scree! hateful snax- you become what you choose
violent snax, yes- these are just the ones!
light is shining through
(the follicles of the skin from your arm)
it will never get to you
(plucked your eyes right outta' your skull)
now that they've realized
the power lies in snax
they won't be stopped
again they've got the answer now
snax snax snax snax

& violence
now they're full; the doubt is sown
ain't it great, wow
now that they've realized
the power lies in snax
they won't be stopped
again they've got the answer now
snax snax snax snax
& violence
what do we need?
I wish someone would tell us what we need
