

This Is It

Nekrogoblikon

You're always waiting for the night to fall
Maybe this time you'll end it all (oh oh)

Had enough of your shit, don't need no more
This is what I've been waiting my whole life for
Don't give me a call
Don't throw it away

This is my time
This is my time
Not your time
Yes, this is my time

You had enough of me and I had enough of you (had enough of you!)

The least that you could do is not pretend that you know what I'm goin' through

[illegible]

Well, you're still waiting for the night to fall
I thought you said you'd have it all
But you don't, no you don't

Sometimes when the dreams don't burn bright
We waste away again into the night
And when the light goes up on god
Well well, well well, oh well

Did you do the things you thought you oughta do
Did you do the things you always thought you should

You. You think you're really cool but really you're a fool
(Ha, ha ha, ha ha, ha ha, ha ha)
You. You've always been [?]

This is my time
Not your time
Yes, this is my time

You've had enough of me and I've had enough of you (had enough of you!)
The least that you could do is not pretend that you know what I'm goin' through

[illegible]

This is it. This is it, this is it
