

Show Me The Way

Nektar

Show me the way
I can't find
Peace of mind help me fair
In every way
Nothing but to fall
Change what you tried to do

Hey, it's the end
You may try
To be old but I'm told
You're too young
Don't despair
I'll really show you now

Pictures all around
Painted on the ground
Takes a long time
Please come back
If you can

Show me the way
Show me, show me the way
Show me the way
Show me, show me the way

Show me the way
Show me the way
Show me the way
Show me, show me the way

Show me the way
Not to float to here
In my mind ropes untwine
Please don't be long
Nothing but to fall
Change what you tried to do

Hey, it's the end
You may try
To be old but I'm told
You're too young
Don't despair
I'll really show you now
