I Got A Feelin'

Well I've got a feeling That I'm gonna get you Say I've got a little feeling That it won't be long Till I hold you in my arms and, baby, That's where you belong

Well I've got a feeling That you think about me Well I've got a little feeling And I hope it's true 'cause nobody else could want you so And love you like I do

Well I got a feeling That our love was meant to be And there's a whole wild world of happiness Just waitin' for you and me So why don't you tell me That you love me only

'cause I got a feeling
That you really do
And I never had this feeling
Till I fell in love with you
