

Let's Talk About Me

Nelson

I don't wanna hear no more
About how he broke your heart
Relivin' your ole memories is tearing me apart
I'd just soon forget about the past
?Cause that's the one thing we can't change
Let's stop this useless conversation
That's just lovin' time we're wastin'
And losin' any more would be a shame

Let's talk about you and me, let's talk about forever
How it's gonna be and how they'll never
Come a day when we give up on us
Let's talk about the way we feel
Whenever we're together
And how we never get enough
Let's talk about the good stuff
Let's talk about our love

We've been over everything he's ever done to you
It's time you figured out we've got better things to do
I don't mean to sound like I don't care
Girl you know you're the one I love
You can tell me anything you want to
Everything you've ever been through
But when it comes to him I've heard enough

Let's talk about you and me, let's talk about forever
How it's gonna be and how they'll never
Come a day when we give up on us
Let's talk about the way we feel
Whenever we're together
And how we never get enough
Let's talk about the good stuff
Let's talk about our love
