Life

Nelson

Life Will go on without me Take it and you'll see it doesn't matter Life I know what your game is You take it and trade it for another Life Before you're over I want something to show for all my trouble Time come on in I want you back again Where're you goin' now? I thought you'd know somehow Life If you keep goin' I'll try to throw in a little love Life I can't do without you There's something about you that keeps me goin' Life I don't want to stop now I've been through so much now because of you Tell me life, what are you here for? Tell me life, I want to know more Tell me life, what are we here for?
