

Let This Be All

Nemesea

I want you to lay me down
I want you to close your eyes and still see me
I want you to hold me close even when you can't feel me
Welcome every desert storm
I will gladly lock the door for tomorrow
We will sleep forevermore

If I could freeze the warmth of time
A stone, this fragile heart of mine

Let this be all there is
Let this be all there was
Let this be all

You are all I'll ever know
You are all I'll ever be

If I could freeze the warmth of time
A stone, this fragile heart of mine

Let this be all there is
Let this be all there was
Let this be all

All there was

Let this be all there is
Let this be all
