

## Like The Air

Nemesea

It won't take long  
Till she fades away  
Will she be strong enough to fight?  
She tries to survive  
Trying hard to run  
But she fails  
She fails every time she tries to hide

Everyday  
She's blinded by her pain  
And she thinks  
The solution is to become just like the air

Soon she will be gone  
What reason to hang on?  
Will she fight?  
Can she find the strength she needs she needs today?  
Lights fade in her eyes  
It's her sacrifice  
If she fails  
If she fails today she'll lose it all

What she is turning down  
(she will become just like the air)  
Will kill her slowly  
(she will turn it all down today  
If she tries to hide she will fail)  
What she needs most becomes her enemy
