Fade Into You

I want to hold the hand inside you I want to take a breath thats true I look to you and I see nothing I look to you to see the truth You live your life You go in shadows Youll come apart and youll go black Some kind of night into your darkness Colors your eyes with whats not there.

Fade into you Strange you never knew Fade into you I think its strange you never knew

A strangers light comes on slowly A strangers heart without a home You put your hands into your head And then smiles cover your heart

Fade into you Strange you never knew Fade into you I think its strange you never knew

Fade into you Strange you never knew Fade into you I think its strange you never knew I think its strange you never knew
