

Future X Girl

Neon Jungle

These boys can't settle this
Just take a seat 'cause I'm not bitch
These boys can't settle this
Just take a seat 'cause I'm not bitch

They try to run with us
These boys be eating all my dust
Only fly guys can come with us
Only fly guys can come with us

Blood relief through my kiss, I'll tell you everything
Gimme some, gimme some, gimme more

Blood relief through my kiss, I'll give you everything
Gimme some, gimme some, gimme more

I could be stone cold, yeah, or I could bring the fire
And I know I'm a little crazy but it's all fail
To tell the whole damn world I'm your future ex-girl
Tell the whole damn world I'm your future ex-girl

I'll give you everything, then take it away again

Tell the whole damn world I'm your future ex-girl
Tell the whole damn world I'm your future ex-girl

These boys can't settle this
Just take a seat 'cause I'm not bitch

When day turns tonight, I'll be the good girl that you like
Uh, when day turns tonight, I'll be the good girl that you like
