

# Ain't Got Anything Left

Nerina Pallot

Barely twist and I don't know why  
When I see you I want to die

Tell me what am I supposed to do  
With the dreams I have of you

Like a child, like a child in the night  
Sentimental it's a pointless fight  
Like a child, like a child at night

Go to bed and sleep all day  
I want to wish my life away  
I ain't got anything left to give you  
I ain't got anything left to give you

Go to bed and sleep all day  
Want to wish my life away  
I ain't got anything left to give you  
Ain't got anything left to give you

It's a state, it's a state of affairs  
We got none and we can't go back  
Telling you dripping down my neck  
All my lovin in a gorgeous wreck

Yeah I know, yeah I know that's it's foolish  
Oh I know, I know why we do this  
I know that's it's foolish, foolish, foolish, foolish

Go to bed and sleep all day  
I want to wish my life away  
I ain't got anything left to give you  
I ain't got anything left to give you

Go to bed and sleep all day  
Want to wish my life away  
I ain't got anything left to give you  
I ain't got anything left to give you  
Anything left to give you

I ain't got anything left to give you  
I ain't got anything left to give you  
I ain't got anything left to give you
