

# Bring Him Fire

Nerina Pallot

I bring him fire  
I bring him blood  
I bring my body  
I bring my love  
I bring devotion  
Is it enough?  
I bring him every little thing, every little thing  
That I got

I bring my hunger  
I bring my thirst  
He a drink in the desert  
And he quench my hurt  
I bring him fire  
I bring him fire  
I'm gonna make him burn, yeah

Suddenly  
That man is meant for me  
His cool blue eyes are watching me  
Bet he'd do things that I wanna do so bad  
Bet he'd do things that I wanna do so bad, so bad

I bring him fire  
I bring him blood  
I bring my body  
I bring my love  
I bring devotion  
Is it enough?  
I bring him every little thing, every little thing  
That I got

Ooh, ooh  
Ooh, ooh  
Ooh, ooh  
Ooh, ooh

Suddenly  
That man is meant for me  
His cool blue eyes are watching me  
I bet he'd do things that I wanna do so bad  
I bet he'd do things that I wanna do so bad, so bad

I bring him fire  
I bring him blood  
I bring my body  
I bring my love  
I bring devotion  
Is it enough?  
I bring him every little thing, every little thing  
That I got

Ooh, ooh  
Ooh, ooh  
Ooh, ooh  
Ooh, ooh

I bring him every little thing that I got, yeah  
Every little thing that I got, yeah  
I bring him every little thing  
Oh, it's a blue eyed thing  
Every little thing, yes I do now  
I bring him every little thing  
I bring him every little thing, every little thing  
Every little thing
