

Come into My Room

Nerina Pallot

Come into my room now, honey
Come into my room now
Something that you gotta see
You know what you do to me

Come into my room now, honey
Come into my room
My situation [?]
I can't help the way I feel

Sweetest thing has the highest cost
But who do I love if they never lost it

You're so real
I know, I know, you're so real
Yeah, you are
I don't care if you fall from grace
Oh my God, when I see your face
I can't even deal
No, I can't even deal
You'd be the sweetest thing
I've ever seen

So come into my arms now, honey
Come into my arms and tell me what you wanna do
I'll do it too
Come into my arms now, honey
Come into my arms and lay your head down by my side
And stay the night, oh, yeah

You get just one life and then you die
Just one bite, so don't mind if I tell you

You're so real
You know that? You know, you're so real
Yeah, you are
I don't care if we fall from grace
Oh my God, when I see your face
I can't even deal
No, I can't even deal
You'd be the sweetest thing
I've ever seen

You get just one life and then you die
Just one bite, so don't mind if I tell you

You're so real
You know that? You know, you're so real
Yeah you are, yeah you are
I don't care if we fall from grace
Oh my God, when I see you face
I can't even deal
No, I can't even deal
You'd be the sweetest thing
I've ever seen

So come into my room now, honey

Come into my room now
Come into my room now, honey
Come into my room now
I'll make you fall
