

# Sorriest M F in Town

Nerina Pallot

Blue skies  
Go on and do one  
Take your sunshine with you  
And move along  
Until my baby's back  
I won't be having none of that  
I'll be the sorriest motherfucker in town

Rainbow  
Go on now just go  
They say you lead to something  
But I know that sh ain't made of gold  
Wait with your cheer  
Until my baby's here  
I'll be the sorriest motherfucker in town

Yeah I will  
I'll be the sorriest motherfucker in town

And I don't need no well meaning friends  
Telling me things will get better again  
Just leave me alone  
Don't sing me a tune  
Just sing me the blues  
Even though you know I'm no good to you  
Till my baby's back home

Blue skies  
Go on and do one  
Take your sunshine with you  
And move along  
Until my baby's back  
I won't be buying none of that  
I'll be the sorriest motherfucker in town

Yeah I will now  
I'll be the sorriest motherfucker in town

Oh I don't need no well meaning friends  
Coming around and better again  
Just leave me alone  
Don't sing me a tune  
Just sing me the blues  
I know I'm no good to you  
Till my baby's back home

Blue skies  
Go on and do one  
Oh take your sunshine with you  
And move along  
Until my baby's back  
I won't be buying none of that  
I'll be the sorriest motherfucker in town

Yeah I will  
I'll be the sorriest girl you ever did see  
You ever did see

You ever did see  
The sorriest girl you ever did see  
You ever did see  
You ever did see
