

The Long Tall Grass Of Summer

Nerina Pallot

In the long tall grass of summer
What did we know? What did we think?
There was nothing there to warn us
Our life was in bloom
We were just looking out the window for a sign

And I will love you till I die
Won't question it or wonder why
The Earth turns as it does
As it does

Oh the heart of men is heartless
People don't know all of the beauty in their hearts
They can't let go

But I will love you till I die
Won't question it or wonder why
The Earth turns as it does
Yes I will love you till I die
Won't question it or wonder why
The Earth turns as it does

'Cause we can't go back
No we can't go back
'Cause we can't be sure that we'd get here
So we don't go back
No we don't go back
Just be thankful for what we have today
Just be thankful for what we have today

And I will love you till I die
Won't question it or wonder why
The Earth turns as it does
Yes I will love till I die
Won't question it or wonder why
The Earth turns as it does
As it does

In the long tall grass of summer...
