

Time Won't Wait

Nerina Pallot

I'm not old, but I'm not young
And I don't know what time has been
It blossoms and it blows away
Like a dandy-line on a summer's day
Days in a brooding sun
Such an English sky, I went in and beyond and I

And no-one ever knew love, wanted to play it too cool
If it's real then it's real, why not?
You should follow no rules, nothing worth every cries
Your love just cannot wait
If it's real then it's real but I tell you that time won't wait

I'm not saying just be dumb, I'm not advising anyone to jump right in
And not look back, it's a sure and certain heart attack
And everybody's in love but you know it don't
If you could just live on, but you don't

No-one ever knew love, wanted to play it too cool
If it's real then it's real, why not?
You should follow no rules, nothing worth every cries
Your love just cannot wait
If it's real then it's real but I tell you that time won't wait
Time won't wait

No-one ever knew love, wanted to play it too cool
If it's real then it's real, why not?
You should follow no rules, nothing worth every cries
Your love just cannot wait
If it's real then it's real but I tell you that time won't wait
Time won't wait
