

# We Should Break Up

Nerina Pallot

You loved me last but now you're bored  
I don't think I can take anymore  
Should we break up?  
Should we break up?  
Should we break up?  
I should've listen when my friends would say  
That you were touched in a weird way  
Should we break up?  
Should we break up?  
Should we break up?  
Oh oooh-oh  
My heart stars wising when you're by my side  
Oh oooh-oh  
It's a little inconvenient, but I don't mind  
I know it's crazy I like you baby  
I only like 'cause you're mean to me  
Ooooh wooooaa  
Ooooh woooo  
We should break up!

I oooo-only got myself to blame  
I always knew you were a little strange  
Should we break up?  
Should we break up?  
Should we break up?  
Oooo-oh-oh I can't go on like that  
I didn't sign up for a psychopath  
Should we break up?  
Should we break up?  
Should we break up?  
Oh oooh-oh  
My heart stars wising when you're by my side  
Oh oooh-oh  
It's a little inconvenient, but I don't mind  
I know it's crazy - I like you baby!  
I only like 'cause you're mean to me  
Ooooh wooooaa  
Ooooh wooooaa  
We should break up!

Come on now,  
We should break up!  
I'm gonna give you back your stuff  
I'm gonna give you back your stuff

Oh oooh-oh  
My heart stars wising when you're by my side  
Oh oooh-oh  
It's a little inconvenient, but I don't mind  
I know it's crazy - I like you baby!  
I only like 'cause you're mean to me  
Ooooh wooooaa  
Ooooh wooooaa  
We should break up!  
We should break up!  
Now!  
We should break up!

We should break up!  
Now!  
We should break up!
