

Guilt

Nero

Sometimes I don't know where we're going,
Sometimes I feel you should be crawling back to me,
Time is ticking by without us knowing
Before you know it, it will be too late to see

You keep on talking but it makes no sense at all
You try to fake it but you're breaking every rule
Right from the start you've always made me feel a fool
The guilt you hide will come between us after all

You keep on talking but it makes no sense at all (4x)
Sense at all (9x)
