[Verse:]

So tell me brother's have you ever seen this the most beautiful being jeans  
clinging to em hips  
Serving sips for tips her smile hides her stress now we can't have this so I  
do a Ludacris like  
Hey girl ain't no need to pretend I ain't the kinda dude that would groove w  
ith your friend if you give me your number  
I will call and send and if you got some time I'd like to see you again...  
Yeah I'm really glad you said yes see I'll make it my life to see that you h  
ave the best as our time progress your forgetting your stress theirs this li  
ttle ocaision could you slip in this dress  
Do it like Gilligans island open your eyes surprise on high from blue sky's  
waters to hypnotise your smile's like sunshine living the summer style looki  
ng at trouble times saying bye (BYE)  
Tell me why (WHY)

[Chorus:]

We gone sail away  
To paradise  
Yeah  
We gone sail away  
We gone sail away To paradise  
To paradise

[Verse:]

The movements coming, get on board or jump ship  
Don't slumber on the thought me and my team you know we got this  
Hotness, Nesian Style when we drop this  
Cool like Palm tree breeze so can you top this  
Sunny oasis, clear waters to the shore  
Lazy days and cocktails, could you ask for more  
We did it before, this time we'll do it again  
Try it out this time, next holla ya friends  
We take it round the world  
Seen more then ma share of dem paradise girls  
There ain't no rest for the wicked  
Ain't got time for you if you wanna just kick it  
Nah, that's just the way it goes down  
Sun up to sunset thought I'd let you know know  
White sands, Coconuts and tropical heat  
Fire in the sky horizon like Oldwun to the beat

[Chorus]

[Verse:]

No looking back, leave the hustle for another day  
Export my flow & fam to another place  
Broke don't mean you can't sleep  
And the oldest brother at the show vibes to the beat  
Stars serenaded by vocals at night  
Bright lights don't out shine what's in the sky  
Cast away a broad to Nesian shores  
Where appreciations felt more than just applause  
Times like these put it all in perspective  
It's quite simple when you getting all reflective  
Bit of fresh air do a brother good  
Ain't no stress here leave it in the hood  
If only I could catcher this moment in time  
Create eternity just based on this vibe  
We sail through with Che-fu, the navigator  
It's peace of mind in paradise with Sabre

[Bridge:]

I'll take you there

You don't have to worry cause I'll be with you

I'll be your guide

Let's ride

[Chorus]
