

Fifteen

Never Shout Never

Just the other day she was a little girl
Taking over the world
With her smile

But just the other day I saw that little girl
Taking a tongue down her throat
By a boy that didn't give a damn
That she was only 15
'Cause she was more than willing
To take a chance,
To find romance,
To grow up fast

But I know she is so much better
Than to give it all away
To the first guy,
First try,
First lie,
First goodbye

Just the other day she was a little girl
Taking over the world
With her laugh

But just the other day I saw that little girl
Taking her time with him
And I can't say I've ever been so proud
That she is only 15
But she is more than willing
To take a chance,
To find romance,
To grow up fast

But I know she is so much better
Than to give it all away
To the first guy,
First try,
First lie,
First goodbye
