Losing It

Never Shout Never

All we ever did was move around I was always the new kid Never the cool kid And all I ever wanted to do Was to fall in love Just to be in love

But my heart was racing My mind was screaming, "You've got your whole life to do these things" But my legs were shaking My hands were searching for her In the back seat of my car I just lost it And I can't believe it

I knew I was only sixteen But I thought I loved her And it'd last forever But only if I knew That she wasn't true How could she do this to me?

My heart was racing My mind was screaming, "You've got your whole life to do these things" But my legs were shaking My hands were searching for her In the back seat of my car I just lost it And I can't believe it
