

## Miss World

## Neverending White Lights

I'm miss world  
Somebody kill me  
Kill me pills  
No one cares my friends

I'm miss world  
Watch me break  
And watch me burn  
No one is listening  
My friends

I've made my bed I'll lie in it  
I've made my bed I'll die in it  
I've made my bed I'll lie in it  
I've made my bed I'll die in it

Cute girls watch  
When I eat ether  
Suck me under  
Maybe forever  
My friends

Now I've made my bed I'll lie in it  
I've made my bed I'll die in it  
I've made my bed I'll cry in it  
I've made my bed I'll lie in it  
I've made my bed I'll lie in it  
I've made my bed I'll die in it  
I've made my bed I'll cry in it  
I've made my bed I'll lie in it  
My friend
