

## Atmosphere

New Order

Walk in silence  
Don't walk away, in silence  
See the danger  
Always danger

Endless talking  
Life rebuilding  
Don't walk away

Walk in silence  
Don't turn away in silence  
Your confusion  
My illusion

Worn like a mask of self-hate  
Confronts and then dies  
Don't walk away

People like you find it easy  
Naked to see, walking on air  
Hunting by the rivers  
Through the streets

Every corner abandoned too soon  
Set down with due care  
Don't walk away in silence  
Don't walk away
