

In a Lonely Place

New Order

Caressing the marble and stone
Love that was special for one
The waste and the fever and hate
How I wish you were here with me now

Body that kills and hides
Matches an awful delight
Warm like a dog 'round your feet
How I wish you were here with me now

Hangman looks 'round as he waits
Gullet stretches tight and it breaks
Someday we will die in your dreams
How I wish we were here with you now
