

## Say You Need Love

Newsboys

You've been looking for shelter  
On a cloudless day, there's no rain  
You're keeping pennies in your pocket  
For a bottle full of spare change, just in case  
And if the glass ain't half empty then it's broken  
It helps you escape from the pain  
You throw the baby with the bath water  
Over and over again  
Turn the page

You say you need love  
Tell me where does that get you  
When push comes to shove  
Who you gonna run to  
Turn your eyes above  
He unconditionally loves you  
Nothing you can say or do  
Will change his love for you

Heard it said you're an accident, biological mistake  
So you're a love child, who could say it better  
A physical grace, a perfect display

Has someone you trusted left you betrayed  
Has someone who loved you thrown love away  
Do you see God? does he have a face?  
Looks like your father's, how does it relate?  
You're scared of being let down  
Tell me

Don't be afraid  
Don't shy away  
He'll never leave you  
He won't forsake  
Don't be afraid  
Don't shy away  
He's not gonna leave you
