

# Bethlehem Calls

NewSong

The star in the East said come  
The wise men everyone  
Heaven's angel choir said come  
Come see the promised One

Christ is the Babe  
Who has come to save us all  
Save us all

O come let us adore Him  
O come let us adore Him  
Bethlehem calls  
To the great and the small  
It's Christmas, won't you come

Now the heart of God says come  
To the broken and wounded ones  
No matter how far you've run  
His mercy calls out to come

He came so we could come  
He said come all you're weary ones  
Who would have thought  
That a king would leave His throne  
So we could come

O come let us adore Him [x4]  
Bethlehem calls  
To the great and the small  
It's Christmas, won't you come
