

# Love Is The Medicine

NewSong

It's evident that it's contagious  
It's a deadly disease that won't let go  
Shame is like a fire that rages  
Is there a cure for the sickness of the soul  
An antidote

Ohhhh, love is a medicine  
Ohhhh, love is a medicine  
There's a hurting world in need  
Jesus is the remedy  
Ohhhh

Are you tired of the way you're feeling  
Giving in to living unsatisfied  
Are you desperate for a healing  
There's a cure that cannot be denied  
It brings you back to life

Ohhhh, love is a medicine  
Ohhhh, love is a medicine  
There's a hurting world in need  
And Jesus is the remedy  
Ohhhh

Love replaces all the pain and takes it all away

Ohhhh, love is a medicine  
Ohhhh, love is a medicine  
There's a hurting world in need  
And Jesus is the remedy, yeah  
Ohhhh  
Ohhhh  
There's a hurting world in need  
And Jesus is the remedy  
Love is the medicine
