

Love's Never Been Like This

NewSong

Everywhere there was a feeling
That love was slowly dying
He knew the cross He must bear
Still His prayer was
please forgive them
They don't know what they're doing

Willingly He gave up His life
Clearly love had never paid such a price

Love's never been like this
Love's never been so strong
A new definition of love now exists
Just look how far love had gone
Love's never been like this

His mother Mary was there
In despair
she stood there weeping
And watched them crucify Him
For Him to die was so unfair
No one cared
they couldn't see
Just how much
He really loved them

But willingly, He gave up His life
Clearly love had never paid such a price

Now love has been
made complete
There's nothing more
that we need
Now we can know
what real love means
