

# Nothing Without Christ

NewSong

I was like a blind man on a road that led nowhere  
Just an empty-hearted beggar in desperate need of help  
I was poor in spirit, but he was rich in love  
I was down to nothin' when he came to lift me up  
Now I will never let myself forget all he has done  
How he came and rescued me and where he brought me from

[Chorus:]

I am nothing without christ, he is everything to me  
He's the reason that I live, he is my only need  
I know I couldn't make it through  
One day without jesus in my life  
I am nothing, nothing without christ

There is nothing good in me that did not come from him  
Nothing I could boast of that he did not give  
From the moment I cried out to him to heal my troubled soul  
He welcomed me with open arms, said all that's mine is yours

Now I will never let myself forget all he has done  
How he came and rescued me and where he brought me from

[Chorus]

Like a wave without a seashore or a kingdom with no king  
Without jesus in my life, I know I wouldn't be complete

[Chorus 2x]
