

Southbound Flight

NewSong

Old Man Winter
Do your thing tonight
We need some snow down here
To make things white
It's time for mistletoe and snowball fights
Because Santa's on a southbound flight

Old Man Winter
Don't you wait too long
Why don't you blow in here
And make your presence known
It's time for hot cocoa and a cold sleigh ride
Because Santa's on a southbound flight

We trimmed our trees
The star's on top
All the candy canes are hung
All we're needing now is a little chill in the air
Before St. Nick comes

Old Man Winter
I've been checking around
I've talked to Memphis Miami New Orleans Atlanta
And one thing I found
We're all praying real hard
For a little snow tonight
Because Santa's on a southbound flight

Old Man Winter
Let me make it clear
We're celebrating the birth of our Savior
With presents down here
We'd like your gift to be
A little bit of snow tonight
Because Santa's on a southbound flight

I said Santa's on a southbound flight
Oh yeah I said Santa's on a southbound flight
He's coming to Memphis Miami New Orleans Atlanta and Birmingham
Louisville Jacksonville Dallas Montgomery and San Anton'
Tupelo Houston Orlando Las Vegas and LA too
Santa's on a southbound flight
